2. From the Flamborough Head car park, head north – this path will bear left and split off – take the path to the right.
3. You're following the rightmost path all the way down the coast until you get to a drive that leads you down to Thornwick Bay Cave – head to the right down the drive
4. Head off onto the footpath at the end of the drive, again, keeping to the right and following the coast – this will lead you to Bempton Cliffs.
5. Just reverse the walk to get back to where you started.
